To All Cencon Bank Mode Users:

In order to provide uninterrupted support, effective immediately, Kaba Mas is manufacturing their own Bank Mode key. The new key operates the same as the original 202023 Bank key, with the same battery life and programmability. Please note, these keys are now available. We are ramping up production and extended lead times may be encountered during this time. To differentiate between old and new production, we have brought back the teal colored plastic fob.

The Kaba Safe Lock Division relies on product innovation to meet our markets' ever-changing needs for loss prevention and asset control solutions. The Kaba and LA GARD brands are synonymous worldwide with Security, Control and Accountability.
