Product Notification Announcement
Discontinuation Notice:
RezShield Access Control System for Multihousing

Announcement

As part of our End of Life process dormakaba wishes to reiterate the retirement of its Ilco RezShield access control system.

The decision to retire Ilco RezShield reflects dormakaba's commitment to offering technologically advanced solutions and responds to the continuous evolution of access control needs.

Effective immediately, RezShield will no longer be offered for retrofit or new construction projects.

Innovation is at the heart of our company, while providing smart and secure access solutions is the foundation of our business. Our product portfolio is driven by market and technological trends which create added value for our customers.

Critical Dates

Customer and technical support for the Ilco RezShield currently in the marketplace will continue based on the following schedule:

Product name	End of life notification	End of retrofit End of new construction sales	End of extended support	End of replacement and repair RezShield components (Encoder, M-Unit)	End of service plans
RezShield Access Control System	May 30, 2019	May 30, 2020	May 30, 2024	May 30, 2024	May 30, 2024[1]

End of Support

dormakaba will continue to provide support for RezShield defects in the form of updates and patches until May 30th, 2024. After this date, no further Ilco RezShield updates or patches will be made available. Also, please note that, dormakaba reserves the right to limit or decline new feature requests or enhancements during the extended support period.

[1]*All customers with active service agreement will remain covered under the same terms & conditions until expiration. If you have any questions regarding your agreement, please contact your service plan sales team or call 1-877-468-3555.*

RezShield Access Control System for Multihousing

Recommended Upgrade Path – Access Control System

In 2018 dormakaba launched Community, our next generation Multihousing Access Control Platform.

Community has been developed to meet the current and future requirements of our customers and is based on the latest software and IT security standards. Please contact your dormakaba representative who will be able to discuss with you the upgrade path based on your individual requirements.

For more information, please visit our website: Community - Access Management System

Recommended Upgrade Path – RFID Locks

	Discontinued locking system	**Replacement locking system**
Access Control System	RezShield	Community
Lock Model	79 RFID	RT Plus* *(Outside Housing only)*

RT Plus is an enhanced version of the proven 79/RT RFID electronic lock. The RT Plus contains a BLE module in the lock reader, offering an immediately path to mobile access.

We invite you to discover our complete collection of RFID hotel locks, together with the Community Access Management Software by visiting dormakaba.us. For questions regarding the upgrade paths please contact your local account representative or call 1-877-468-3555.
