Overview

The modular feature of the sectional Quantum™ lock was created to address the need for both form and function. The sectional trim lock is a contemporary two-piece modular design that offers flexibility in aesthetics and functionality.

Quantum™ ädəsē™ RFID Features:

- RF communication module (optional)

- Contactless RFID card reader

- LED lights displayed and sealed behind polycarbonate lens

- Lock communicates with NFC-enabled devices

- Standard tracking mortise - to indicate "door ajar" messages

- Quantum ädəsē design features automatic deadbolt, tracking mortise, and Messenger™ circuit board

- Available RFID credentials include Mifare Classic credentials (4 byte NUID)
