

# T300

## Grade 3 Tubular Locksets

**Features and benefits:**

- Levers complement Saffire EVO or LX series lock options
- Easy to install in both wood or hollow metal doors
- Standard door thickness ranges from 1-3/8" (35 mm) to 1-3/4" (44 mm)
- Optional UL/CUL model for use on 3-hour fire-rated doors
- 30 min UL/ULC fire rating on passage models only
- Available in 4 popular finishes
- Three options available:
  - Dummy
  - Privacy
  - Passage

Designed to complement dormakaba's Saffire EVO and LX RFID locks throughout a suite. The T300 Series is available in 4 finishes and is easy to install with the quality you expect from dormakaba. T300 Series locksets meet and exceed the expectations of the most demanding architects and design professionals. The T300 locks meet ANSI/

BHMA Grade 3 requirements, and provide exceptional reliability.

All T300 Series locks feature matching lever designs to the Saffire EVO and LX Series RFID locks. Plus, they are manufactured with the finest materials for exceptional durability. T300 locksets provide a wide variety of

functions and the most popular finishes.

**Recommended Applications**

The T300 Series is recommended for all high-end apartments, condos, and multifamily residential applications.
