

Insert Plastic Weather Protection Cap 2004

Application:

For lock cylinders subject to weather. Protects the cylinder insert from the effects of weather and dust and helps to keep the cylinder insert in service longer. Installed in the factory with two screws on the face of the insert. The 2004 cap can be used with all cylinder profiles, camlocks, padlocks, key switch cylinders, etc.

Specification:

Material: plastic, black

Cap can be opened with the thumbtab and snaps closed.

Order Code: - .2004

For double cylinders specify .2004 on the cylinder side to be equipped with the cap.

Examples:

Double cylinder

6.DZ.30.2004+40.NI = penta.double cylinder.30.weather cap+40.nickel plated
