

QDC300

Door closers

Strength and durability in a smaller footprint

We engineered the QDC300 series with the same high-performance materials and construction you expect from dormakaba, but in a smaller body. The smaller, narrower footprint of the QDC300 means you can put quality on even the narrowest top rail doors. When you choose the name more People trust with their security, you can rely on top performance for years to come.

Versatility and value

The QDC300 series includes many premium design components standard, without costly upcharges. And with a wide range of available options and customizable features, the QDC300 provides flexible value without compromising quality.

Long term value

We price our QDC300 closers competitively, but their real value becomes clear over time. Strong materials and careful design ensures QDC300 closers perform reliably over the long term—and are backed by a lifetime warranty.

Premium performance standard

Get premium performance options like delayed action and a back check valve standard with the QDC300 series.

Features

- **Small, but strong.** Constructed with cast aluminum, the QDC300 series combines a slim design and small footprint with proven durability, making it a great choice for even the narrowest full glass doors.
- **Easy to retrofit.** There's no need to re-prepare your door. The QDC300 has the same footprint as the Norton 1600 series, so it's quick and easy to retrofit.
- **Industry-leading warranty.** Each QDC300 closer comes with a lifetime mechanical warranty and a three-year warranty on finish.
- **Exceeds certification standards.** The QDC300 is BHMA/ANSI Grade 1 certified, and significantly exceeds performance requirements. These closers are fully adjustable, with a barrier-free option to meet ADA requirements.
- **Outstanding versatility.** We engineered the QDC300 series to be fully adjustable and usable on both interior and exterior doors. All-weather fluid, a variety of feature options, and non-handed and universal mount flexibility make it easy to stock and use the QDC300 in a wide variety of applications.
- **Short lead time.** QDC300 closers are available for immediate shipment.
