

Commercial Hardware

Customers prefer dormakaba – One of America's favorite hardware brands

Setting the standard for complete solutions

Backed by a rich heritage of expertise and innovation, dormakaba Commercial Hardware offers an all-inclusive portfolio of products designed to work together as part of a complete security solution. We are the same dormakaba that customers already prefer for the quality and durability of our innovative tools—features that also make dormakaba Commercial Hardware a leading choice for access control among industry professionals. Engineered from the best materials for premium form and function, our products set the standard for one of America's favorite hardware brands.

Commercial Hardware

Commercial Hardware's all-inclusive portfolio of mechanical and electronic locks, standard and narrow stile exit devices and closers creates complete security solutions in a variety of applications. With superior design, uncompromised materials, and one of the industry's best lead times, it's no wonder that more customers and professionals trust dormakaba than any other brand.

Trusted experts. Proven reliability

Customers trust dormakaba's history of proven performance and expertise. We never compromise on materials or craftsmanship, so we stand by the reliability and long-term durability of dormakaba Commercial Hardware products with limited lifetime mechanical warranties, as well as finish and electrical warranties you won't find on comparable components. dormakaba Commercial Hardware solutions stand up to hard use, natural disasters, or simply the passing of time—that's the reason more customers trust dormakaba than any other hardware brand.

Innovation at your fingertips

dormakaba Commercial Hardware drives innovation to make leading-edge security more accessible, easier to install, and simpler to maintain. We've engineered breakthroughs that put fully scalable electronic access control—such as our EL Locks and PAC Access Control Kits—within reach of any customer or facility regardless

of size. Moreover, we make our products easy to configure and install with non-handed, field-reversible, and field-sizeable options, easy-to-follow instructions, and unique packaging designed to reduce installation time.

Industry-leading availability

dormakaba Commercial Hardware offers one of the industry's best lead times, with most products available to ship same day or next day. You can rely on dormakaba Commercial Hardware for in-stock, on-time security.

dormakaba Commercial Hardware proudly represents the high standards of the name your customers know and trust.

Exits

With uncompromised materials and craftsmanship, our exit devices offer premium aesthetics and functionality. Performing well above ANSI Grade 1 certification requirements, dormakaba Commercial Hardware exit devices provide security you can rely on. Our exit devices—like all of our products—are packaged to reduce installation time and are easily customizable on-site.

Narrow stile exits

You don't have to choose between security and aesthetics. dormakaba Commercial Hardware narrow stile exit devices combine the premium design features architects and designers want with the durability and reliability building codes and security plans require.

- Meet or exceed BHMA ANSI 156.3 Grade 1 standards and ADA requirements, and are UL10C listed.
- Are available in rim, surface vertical rod, and concealed vertical rod with re-rated options.
- Incorporate superior engineering for smooth and reliable functionality.
- Enhance the aesthetics of perimeter entryways with premium design features and finishes that complement the latest architectural trends.
- Are easily customizable and field sizeable for quick and simple installation.

Locks

Our locks are engineered for long-lasting performance. dormakaba Commercial Hardware locks—cylindrical, tubular, deadbolt, interconnected, mortise, and electronic—are BHMA-ANSI Grade 1 tested, and easily exceed industry standards for strength, durability, and tamper-resistance. Available in a variety of styles and finishes, with interchangeable cores and options for electrified functions, both our electronic and mechanical locks are easy to customize and configure in the field.

Closers

Designed for maximum flexibility and optimal operational performance, dormakaba Commercial Hardware closers significantly exceed ANSI Grade 1 standards, are fully field-adjustable, and can be used in a wide range of applications and climate conditions.

Our Sustainability Commitment

We are committed to foster a sustainable development along our entire value chain in line with our economic, environmental and social responsibilities toward current and future generations. Sustainability at product level is an important, future-oriented approach in the field of construction. In order to give quantified disclosures of a product's environmental impact through its entire life cycle, dormakaba provides Environmental Product Declarations (EPD), based on holistic life cycle assessments. <https://www.dormakabagroup.com/en/sustainability/product-declarations>.
