

Jamb mounted video camera

Features & benefits

- Full color video with resolution of 480 × 720 (480p).
- Standard RCA video output.
- Wide angle lens for complete view of door and traffic flow.
- Integrated voltage regulator for installation convenience.
- Low profile design minimizes accidental damage from shopping carts and other errant objects.
- Reversible left and right mounting for application flexibility.

Description

This enhanced definition color video camera is designed to monitor the usage and traffic flow of pedestrian doors.

Its sleek, low profile design provides a discreet method for improving loss prevention and limiting liability.

The RCA video output can be seamlessly integrated into most existing video surveillance systems.
