

Levers and Finishes

Hospitality and Multifamily Electronic Locks

Where Style Meets Security

Selecting the appropriate lever design and finish plays a key role in defining a property's overall aesthetic. Beyond providing security, the right lever and finish can enhance the look and feel of your space, creating a welcoming and stylish environment. Thoughtful selection enhances the design narrative and reinforces a sense of quality and care.

dormakaba RFID electronic locks are available with a broad range of ADA-compliant lever designs and architectural finishes, allowing seamless coordination with virtually any building's interior concept—from contemporary to classic.

As a trusted provider of premium access solutions, dormakaba delivers safety, security, and reliable performance for hospitality and multihousing properties of all sizes. Our commitment to innovation is reflected in a comprehensive portfolio of locks and access control options designed to support efficient operations while creating welcoming, accessible environments.

Standard Levers

Lever and finish availability varies by lock. Some levers and finishes may also require an up-charge or additional lead times. Please contact your dormakaba sales representative for details.

* DIN only available in Europe
