

The choice is easy

EasyAssist

The high-performance low energy swing door operator

Introducing a better way to open and close

Moving through your building shouldn't be complicated. Now, thanks to EasyAssist™ low energy operator, it isn't. This new low energy swing door operator facilitates entry and egress while providing a sleek, compact design, opening a world of new possibilities.

Experience our latest high-performance low energy operator

EasyAssist is the new cost-effective operator for barrier-free movement through interior doors. In any application, EasyAssist delivers a fully integrated product solution designed to meet your needs.

EasyAssist is ideal for:

- Medical office buildings
- Corporate offices
- Hotels
- Apartments
- Retail stores

SmartArm advantage

EasyAssist's SmartArm with integrated cabling allows for door leaf mounting without exposed wiring, enhancing security by deterring cable tampering and damage.

Mobile app management

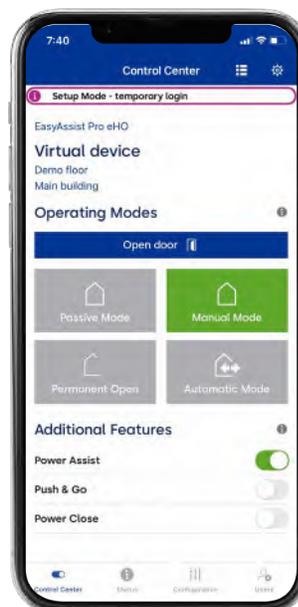

EasyAssist is quick to set up and adjust using our simple and intuitive mobile app. The app provides step-by-step guidance, enabling users to customize settings for optimal performance and accessibility.

Strong and dependable

The unit's powerful and compact axial flux motor provides years of reliable service while offering several modes of operation.

Operator modes

- **Passive:** Standby with no operator support
- **Manual:** Select Power Assist or Push-N-Go function
- **Automatic:** For use with switches with Power Assist as default setting
Power Assist and Push-N-Go functions can be deactivated
- **Permanent Open:** Permanent hold-open

Transom Mounting

Door Leaf Mounting

Simplicity in installation

EasyAssist mounts on door leaves or transoms. With a simple conversion plate, the door leaf mounting option can use the holes left by your surface closer, saving you money and making installation and retrofitting effortless.

Seamless accessibility

EasyAssist makes interior doors accessible to all, opening and closing smoothly to enable reliable, barrier-free movement.

Aesthetic harmony

EasyAssist's attractive design blends smoothly with your building's aesthetic, creating a consistent look from door to door.

Door Leaf Mount - Dark Bronze

The easy choice

EasyAssist opens doors at precisely controlled speeds and force, ensuring safety for all users, and its engineered functionality makes it an intelligent addition to sustainable buildings at an affordable price.

Compatible parts

EasyAssist seamlessly integrates with a range of push buttons and touchless actuators, offering flexible solutions to meet various accessibility and hygiene needs. These compatible parts ensure smooth, reliable activation — enhancing convenience while promoting a safer, more accessible environment.
