

# Interior glass systems

## GP Series panic hardware

### Features

- +/- 1/2" adjustability height and width to accommodate opening variances
- Full range of exterior pull options
- Dogging functionality
- 3-year warranty

### Applications

- Entrances (Interior & Exterior applications)
- Secure Areas

### Verticals

- Commercial
- Retail
- Hospitality
- Entertainment
- Education

### Security and safety meet elegance.

Accommodating a wide range of door sizes and applications, the GP Series panic hardware offers a customizable design with simplicity in specification. Working with our small format interchangeable core cylinders makes control and rekeying of an existing system a breeze.

### GP Series panic hardware accentuates glass entrance doors with its sleek minimal tubular housing while preserving a glass door's aesthetics.

Versatile, durable, and handsomely styled to accommodate sophisticated architectural designs, dormakaba offers the only complete glass exit device line manufactured on the east coast with quick lead times.

### Panic devices

- GP 1000 Series top latching bolt with manual and electric strikes (fail safe or fail secure)
- GP 1100 Series bottom latching panic with manual strikes

### Dummy pulls

- Complimentary dummy (non-functioning) handles

## Exterior fixed hardware pull handles
