

Product Discontinuation Notice

7300 Series Closers

Thank you for choosing dormakaba for secure, reliable, and innovative security solutions.

As part of our ongoing commitment to maintaining a focused, future-ready product portfolio, we would like to inform you that the dormakaba 7300 closer series will be discontinued effective **June 30, 2026**.

After this date, these products will no longer be available for new orders. Service and replacement parts will continue to be available in accordance with our standard product support policies.

To support a seamless transition, we recommend the dormakaba 7400 closer series as a replacement. The 7400 delivers the same dependable performance and functionality as the 7300 series while offering added flexibility through its adjustable spring size, helping simplify product selection and inventory management.

Additionally, the following closer arm types will be discontinued across all dormakaba and BEST closer series effective **June 30, 2026**:

Arm Type			
Flatform	AFJ	Friction HO	FHJ
Round	ARJ	Track	JTH
	ARNPJ		FTH
Cushion IS	ISH	TDE Track	TDEHR
	ISJ		TDEHL
	ISJH		
Spring stop	SISH		
	SISJ		
	SISJH		

To support a smooth transition, our team will be happy to recommend suitable alternative products from our current lineup and assist with any technical or commercial questions.

We appreciate your understanding and continued partnership.

Warm regards,

Thorsten Huemmeler
Sr. Product Manager, Door Closers and Low Energy Operators
